BUY BACK options available!

Why wouldn't you **upgrade** to TC52 | TC57?

Upgrading to the latest technology doesn't have to be costly. If you upgrade your TC51 | TC56 to TC52 | TC57, Zebra will buy back your older devices! That's not all - if you've taken out a service contract on your older models, you may be eligible to get a refund for the remaining time left on your contract.

TC52 | TC57 is upgradable to Android 14 and meets Google's current security releases. You'll have the option to restart your 5-year service contract AND all your current accessories which are applicable with TC51 | TC56 will fit the latest devices eliminating the need to replace your entire eco-system.

Get in touch today to **UPGRADE** your **TC51 | TC56** mobile devices.

End of life service date for TC51 | TC56: 13th July 2025
