

For 800 Series and Apple® iPod touch® for 5<sup>th</sup> & 6<sup>th</sup> Generation

# DURACASE

## DuraCase - protective case for the Socket Mobile 800 Series scanner

**Drop Protection and Power Integration in one  
Lightweight Single Handed Solution!**

Ideal for mobile workers who are looking to use a handheld device and a scanner.

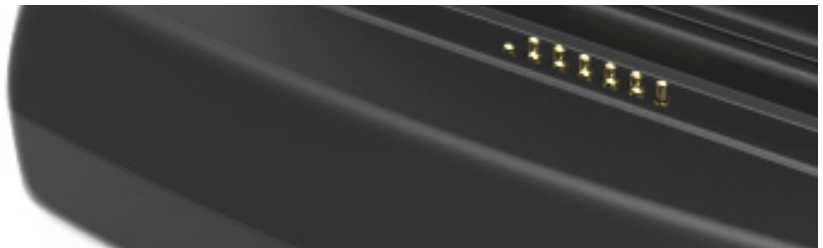

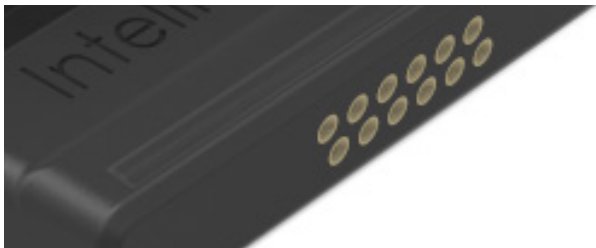

### Features:

- Compatible with Apple® iPod touch® for 5<sup>th</sup> & 6<sup>th</sup> generation
- Encloses and protects both Socket Mobile's 800 Series barcode scanner and iPod device with a durable Elastomeric (rubber) case
- Integrates connectors from both devices directly into the case for dual charging
- Features magnetic contacts for ease of docking and data transferring
- Made with antimicrobial material for ease of cleaning and extra protection against potentially harmful microbes
- Designed & made in USA

### Durability

The DuraCase features rubberized material which increases drop protection and durability to both the handheld device and the 800 Series scanner. It shields both devices from scratches and other damaging debris.

## Charging and Docking

### Single Desktop Dock Charger

Connect your DuraCase to the \*GDS® Charging Dock. The exterior docking contacts are specifically engineered for secure docking and charging of both devices in the DuraCase. The desktop dock provides data pass through connectivity and is designed to withstand repeated docking and undocking. Embedded magnets guide the DuraCase and hold the docking station in place. Efficient for powering up your devices and transferring data.

Simple solution for charging and connecting DuraCase contained devices.

### Specifications
